TELEMEDICINE

Convenient Virtual Medical Care

Healthcare Membership Program

EasyCare2go is **not insurance.** It is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care. **This program is not a substitute for health insurance.**

Telemedicine:
What this service is.

Our Telemedicine service gives members access to virtual general medical care for a wide range of everyday, non-emergency health concerns. The service is designed to make it easier to speak with a qualified provider when care cannot wait for a traditional office appointment.

Whether someone is dealing with a late-night illness, a routine acute condition, a minor infection, or a basic medical question, telemedicine can help members take the next step with more speed, clarity and convenience.

> **EasyCare2go is a healthcare membership program designed to help members access convenient, non-emergency healthcare support.**
>
> **It is not insurance.**

Examples of non-emergency concerns commonly addressed through telemedicine

- Cold symptoms
- Cough
- Sore throat
- Sinus pressure
- Allergies
- Upper respiratory symptoms
- Pink eye
- Ear discomfort
- Minor skin irritations
- Insect bites
- Mild skin infections
- Nausea
- Mild gastrointestinal discomfort
- Constipation
- Diarrhea guidance
- Fever guidance
- Headache concerns
- UTI symptoms in appropriate cases
- Minor pain and strain concerns
- Minor burns
- Laryngitis
- Pharyngitis-related symptoms

These examples are provided for informational purposes only. Final evaluation, diagnosis, treatment recommendations, and prescribing decisions are made by the treating provider based on clinical judgment, state regulations, medical appropriateness, and member-specific circumstances.

A telemedicine consultation may help a member discuss symptoms with a licensed provider, receive an initial medical assessment for a non-emergency issue, understand whether monitoring, medication, or in-person follow-up may be appropriate, receive guidance on next steps, and receive treatment recommendations when clinically appropriate.

When allowed and appropriate, a member may also receive a prescription recommendation or referral for additional care.

When Telemedicine May Be a Good Fit

Telemedicine is often a strong option when the situation is non-emergency and the member needs practical medical guidance quickly.

Examples include a child or adult developing cold or flu-like symptoms after hours, waking up with sinus pressure, sore throat, or pink eye symptoms, needing fast guidance about a possible UTI or ear infection, or wanting to know whether an issue can be handled virtually or should be seen in person.

When in-person or emergency care is appropriate.

Telemedicine is not for emergencies.

Members should seek immediate emergency care or call 911 for symptoms such as:

- Chest pain
- Difficulty breathing
- Severe allergic reactions
- Signs of stroke
- Serious head injury
- Heavy bleeding
- Loss of consciousness
- Seizures
- Suicidal crisis
- Any medical emergency requiring immediate hands-on care

Some concerns require: in-person evaluation, testing, imaging, or urgent intervention.

How the Telemedicine experience works.

Request care

The member accesses telemedicine through the EasyCare2go app or member portal.

Connect with a provider

A licensed medical provider reviews the concern and consults with the member by phone or video.

Receive clinical guidance

The provider evaluates the symptoms and recommends the next appropriate step.

Follow through on the care plan

Members receive guidance on the next step, which might include treatment advice or referrals. The goal is to help members move forward with clarity, confidence, and direction.

Key Benefits

Fast access to everyday care.

Convenient access to care wherever members are, with practical guidance for common health concerns and **earlier support** that can help **prevent small issues** from becoming more disruptive.

EasyCare2go

Important Disclaimer.

- EasyCare2go is an administrator of a Healthcare Membership Program.
- It is not health insurance, it is not a Medicare prescription drug plan, and it does not replace comprehensive health insurance coverage.
- Telemedicine is intended for non-emergency medical needs only.
- Services are subject to provider availability, clinical appropriateness, state regulations, program terms, and treating provider judgment.
- Not all conditions can be treated virtually, and not all visits result in a prescription.
- If you are experiencing a medical emergency, call 911 or go to the nearest minute clinic, urgent care, or emergency room immediately.

ManhattanLife.
Standing By You. Since 1850.

SKIN CARE.
ZERO FRICTION.
Most concerns don't feel urgent enough to fight for.
They should.
EasyCare2go is not insurance. It is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care. This program is not a substitute for health insurance.

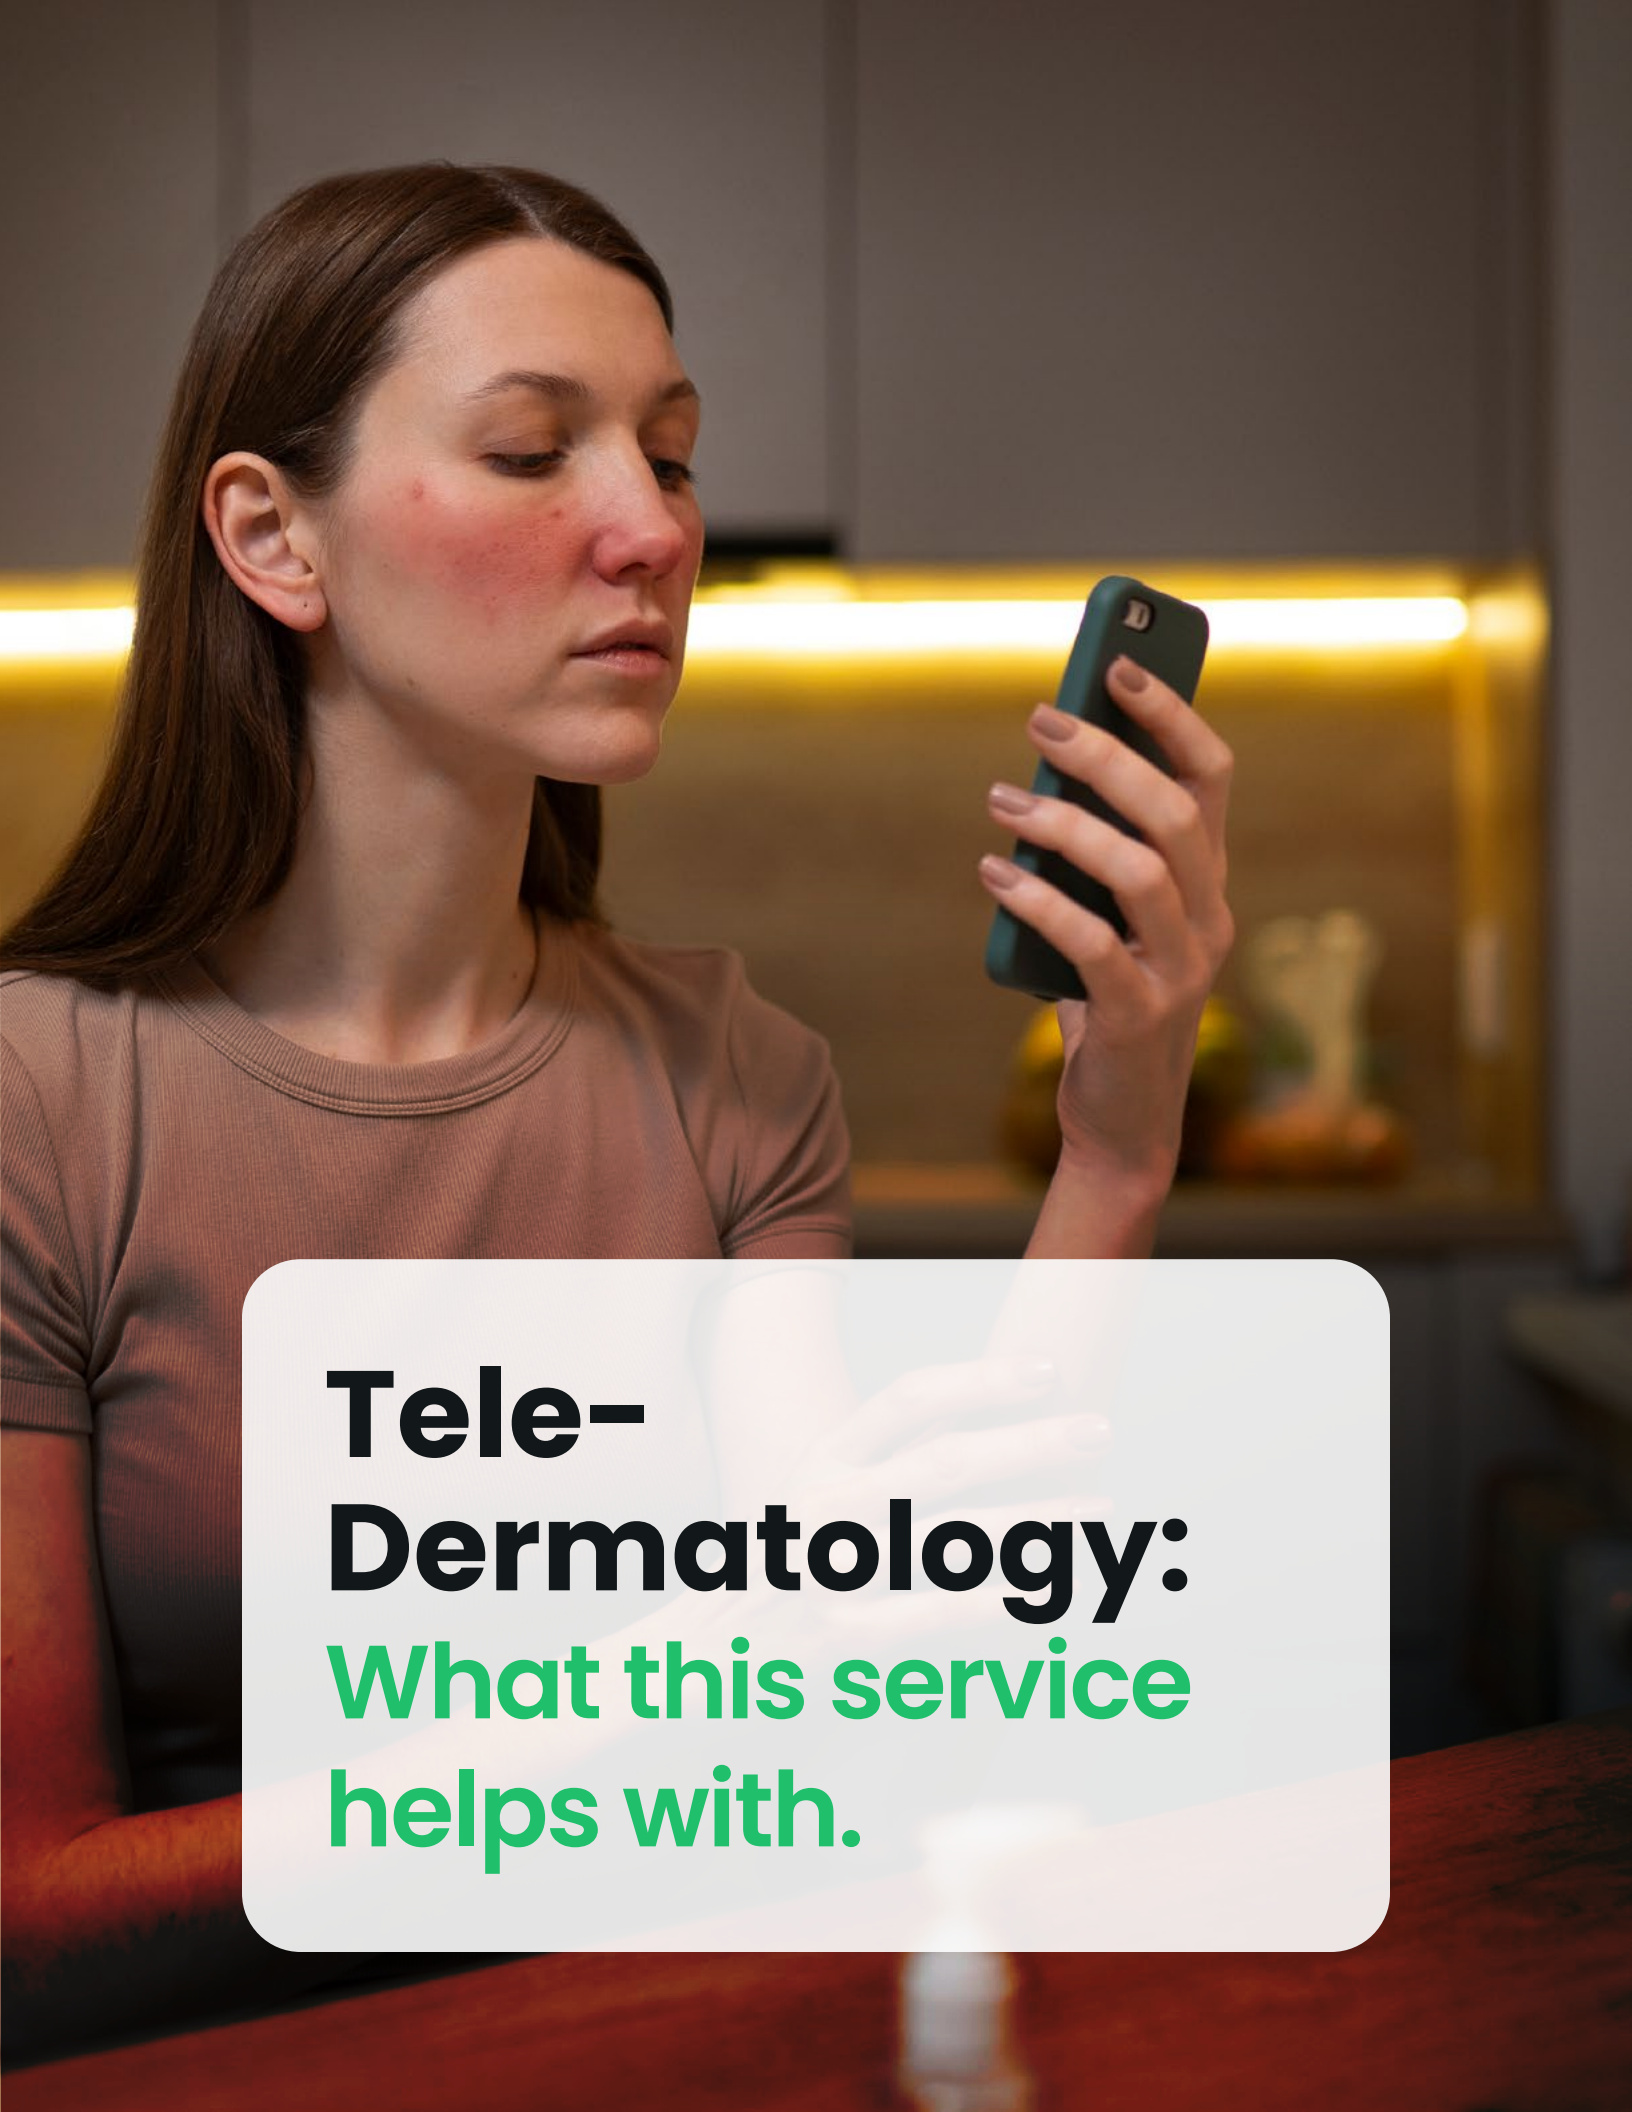

If it's on your mind, it deserves attention.

- A **rash** that keeps coming back
- A **breakout that's affecting** confidence
- A **mole that stands out,** but not too much

People often put off dealing with these kinds of concerns, and it's not because they don't matter.

It's just that the process of accessing specialist care can seem slow, and difficult to fit into everyday life.

EasyCare2go Tele-Dermatology is designed to make that **first step easier.** Through the membership experience, members can request dermatology support online, share symptoms and images, and receive professional guidance for certain non-emergency skin concerns that may be appropriate for remote evaluation.

Tele-Dermatology: What this service helps with.

Tele-dermatology is an easy way to get help with common skin problems.

- Acne
- Eczema
- Psoriasis
- Dermatitis
- Rosacea
- Skin infections
- Cold sores
- Moles
- and more!

We also address other non-emergency concerns regarding skin, hair, or nails through remote review.

This support is designed to help members stop guessing, act sooner, and gain a clearer understanding of whether an issue can be managed remotely or requires an in-person follow-up.

Tele-Dermatology
Potential Benefits

Initial Evaluation
A detailed virtual assessment (reviewing images, video, and medical history) is conducted by a healthcare professional to establish a preliminary diagnosis for common skin concerns like rashes, acne, or eczema.

Personalized Next Steps
Patients receive a clear plan of action, including at-home monitoring instructions, an expected timeline for improvement, and recommendations for necessary follow-up appointments (virtual or in-person).

Treatment and Prescription Guidance
Evidence-based treatment is offered, encompassing over-the-counter products, lifestyle adjustments, and the electronic issuance of necessary prescription medications, all in compliance with telehealth regulations.

Triage for In-Person Care
The consultation can act as a triage to determine if the condition is too serious, complex, or requires a procedure (like a biopsy) that necessitates an in-person specialist visit.

Why This Service Matters.

Skin concerns are often easy to delay and hard to stop thinking about.

They are visible, uncomfortable, recurring, and often emotionally stressful, even when they are not emergencies.

Instead of waiting until the concern becomes more disruptive, members have a simpler way to seek professional input, get clarity sooner, and take the right next step.

Tele-Dermatology lowers the barrier to getting started.

Important Notice.

- EasyCare2go is not a health insurance plan and does not meet state or federal requirements for minimum essential coverage under the Affordable Care Act (ACA).
- It is not a substitute for comprehensive health insurance and does not provide the legal protections, coverage mandates, or claims processing associated with a licensed insurance product.
- EasyCare2go is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care through a digital platform and licensed provider network. All providers are licensed and board-certified in the U.S. Membership benefits, pricing, and available services may vary by plan tier.
- Membership is available in the continental United States, excluding Oregon and Washington. This program does not cover emergency services, hospitalizations, or specialist procedures that typically require insurance. For emergencies, call 911 or visit the nearest emergency facility.

SMARTER
PRESCRIPTION
ACCESS
Pharmacy Savings
A Healthcare Membership Program
EasyCare2go is not insurance. It is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care. This program is not a substitute for health insurance.

Pharmacy:
What this service is.

The EasyCare2go Pharmacy Savings offering is designed to help members navigate prescription access more effectively by combining affordability tools, medication visibility, and program-based support options. Depending on the medication, clinical situation, and program terms, members may be able to access certain acute medications at no additional cost when they are prescribed through the program and included in the applicable formulary.

Members may also be able to access prescription price comparison tools, pharmacy network savings opportunities, home delivery options (where available), and additional affordability support pathways for qualifying higher-cost medications.

A Clearer Medication Framework

Acute Medication Opportunities

Some commonly prescribed acute medications may be available at no additional medication cost when all applicable requirements are met, including formulary inclusion and prescribing through the program where required.

Retail Savings and Price Comparison

When a medication is not included in the no-additional-cost acute formulary, members may still be able to compare prices and identify lower-cost purchasing options through the price comparison tool in their member portal or through the EC2GO app.

Support Pathways for some High-Cost Drugs

For some medications, especially those with higher retail costs, additional affordability pathways may be available depending on eligibility and program structure through our **prescription assistance program(PAP)** in their member portal.

Medication categories are presented as examples.

Examples only may include common acute-need categories such as select antibiotics, allergy relief medications, respiratory-support medications for acute use, skin-condition medications for select acute concerns, gastrointestinal-support medications for short-term treatment needs, and anti-inflammatory or pain-relief medications for certain acute situations.

Examples of maintenance or comparison categories may include blood pressure medications, cholesterol medications, thyroid medications, diabetes medications, acid-reduction medications, select mental health medications, and asthma or allergy maintenance medications.

Higher-cost medication situations may include specialty medication affordability questions, brand-versus-generic cost decisions, long-term medication cost comparison needs, and mail-delivery or refill planning questions where available.

What Members Can Expect.

Compare, save, and simplify!

Depending on the situation, a member may be able to review whether a prescribed medication may fall within an included acute formulary, compare medication pricing across available options, explore pharmacy savings opportunities, identify whether generic alternatives may help reduce costs when clinically appropriate, access home delivery options where available, and seek additional support for certain high-cost medication situations where applicable.

How the Pharmacy savings works.

A **medication need** is identified

The **medication pathway** is reviewed

Price and **access** are evaluated in the price comparison tool

The **member chooses** the best option

Additional help is used as needed

This is a navigation and affordability benefit—not a blanket promise that every medication will be included or deeply discounted.

The Enhanced Prescription Program.

Enhanced Medication Formulary

Program Details

- Your ENHANCED medication program provides access to over 800 routinely prescribed ACUTE and CHRONIC medications at no-cost. Plus, you have access to thousands of other medications for a fraction of the price of retail in the price comparison tool.
- You may **pick-up your prescription medication at the retail pharmacy of your choice** when available in your zip-code or chose the home delivery option. **There are over 70,000 within our network.**
- Only certain doses and quantities for each medication are offered through this program.
- After your first retail purchase, all **CHRONIC medications must be filled through our mail-order service.** Our team will contact and work with you to transfer your prescription.
- **Men's Health:** generic Viagra and Cialis can be purchased exclusively via mail-order and limited to 72 generic Viagra 50/100mg pills or generic Cialis 5/20mg pills per year.
- Your subscription also provides access to **1000's of drugs** not on your formulary, **starting at just $14.95 per fill for a 90-day supply.**
- Access to our Diabetic Supply, International Pharmacy, and Prescription Assistance Programs (PAP).
- A **valid prescription is required** for all medications.

How the Medication Program works.

Search for your medications by entering the drug name in the search bar. The price will be displayed.

If you are needing a medication immediately, utilize our retail pickup by entering your zip-code along with the drug name. **Over 70,000 pharmacies are in our network.** The site will prompt you through your order.

If you can wait up to 10 days, mail -order will be your most cost effective option. Click on mail-order and the site will prompt you through your order. **This includes international pharmacy price shopping where applicable.**

Mail-order is fulfilled through our partner pharmacies and is subject to change without notice.

FEEL BETTER.
DO MORE.
Your membership includes savings that help you recharge, reconnect, and enjoy life.
EasyCare2go is not insurance. It is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care. This program is not a substitute for health insurance.

Feeling good isn't just about doctor visits.

It's about having real room to breathe—time away, quality moments with people you love, and experiences that actually restore your energy and lift your mood.

The EasyCare2go Lifestyle + Work-Life Balance benefit with MemberDeals is already included in your Medical Health membership, and it's designed to make more of those moments possible.

Depending on participating offers, members may access savings on travel, hotels, rental cars, theme parks, entertainment, live events, movie tickets, concerts, sporting events, shopping deals, and more.

Why It Matters for Your Well-Being.

Stress, burnout, and disconnection are real health issues.
Regular access to rest, enjoyment, and quality time with loved ones directly supports mental and emotional health.

This benefit is built around that truth.
It's not a bonus. It's part of what it actually means to feel well.

CARING FOR YOUR WELL-BEING IS EASY

Emotional Support

Healthcare Membership Program

EasyCare2go is not insurance. It is a Hybrid Virtual Healthcare Membership Program that provides access to healthcare services and discounted care. This program is not a substitute for health insurance.

Behavioral & Mental Health Support:

What this service is

EasyCare2go Behavioral/Mental Health Support is designed to help members access professional support for emotional well-being, behavioral health concerns, and moments of personal difficulty that should not be ignored or delayed.

This service is intended to reduce common barriers such as long wait times, confusing access pathways, and the feeling that support is only available once a situation becomes overwhelming. Through the program, members may connect with licensed professionals for counseling and ongoing support, subject to service availability, clinical appropriateness, and program structure.

What members may be able to access.

Members and their immediate family may **have access to 12 structured fifty-minute counseling sessions and unlimited in-the-moment care**, emotional support pathways, and professional guidance for ongoing concerns **such as:**

- Stress-related issues
- Emotional strain
- Adjustment periods
- Behavioral-health

EasyCare2go is a healthcare membership program.
It is not insurance.

Members commonly seek support for a diverse range of Mental Health concerns.

Our members seek professional support to navigate a wide range of emotional and psychological challenges that affect their daily lives and overall well-being.

Do you know what these frequent concerns include?

Emotional, Mental, And Everyday Life Challenges

Stress & Overwhelm

Experiencing persistent high levels of stress, feeling emotionally and physically drained, and struggling to manage the demands of work, life, and personal responsibilities.

Anxiety-related Concerns

Dealing with excessive worry, fear, panic attacks, social anxiety, generalized anxiety, or specific phobias that interfere with work, relationships, and basic daily functioning.

Depression-related Symptoms

Coping with persistent feelings of sadness, loss of interest or pleasure in activities, changes in appetite or sleep patterns, feelings of hopelessness, and low energy.

Sleep-related Emotional Distress

Addressing sleep disturbances (insomnia, excessive sleeping) that are primarily driven by underlying emotional factors such as anxiety, stress, or depression, rather than solely medical causes.

Mild to Moderate Emotional Disruption

Experiencing any level of emotional discomfort, including chronic irritability, mood swings, difficulty concentrating, or a general sense of unease, that may not meet the criteria for a severe mental health condition but is nonetheless significantly impacting quality of life and routine activities.

Burnout, Grief and Loss

Needing support to recover from severe work-related or personal exhaustion (burnout), processing the profound emotional distress following the loss of a loved one, a job, a relationship, or significant life milestones.

Relationships, Family, and Parenting Challenges

Relationship Strain

Seeking guidance to address conflict, poor communication, trust issues, or intimacy problems in relationships.

Family Stress

Dealing with high-pressure dynamics in the family, including boundary issues, aging parents, complex sibling relationships, and family members with significant health needs.

Parenting Stress

Coping with persistent feelings of sadness, loss of interest or pleasure in activities, changes in appetite or sleep patterns, feelings of hopelessness, and low energy.

Work, Life Changes, and Adaptation

Work-Related Emotional Pressure

Facing intense performance demands, workplace harassment or conflict, issues with career direction, coping with job insecurity, or managing the emotional impact of a demanding professional environment..

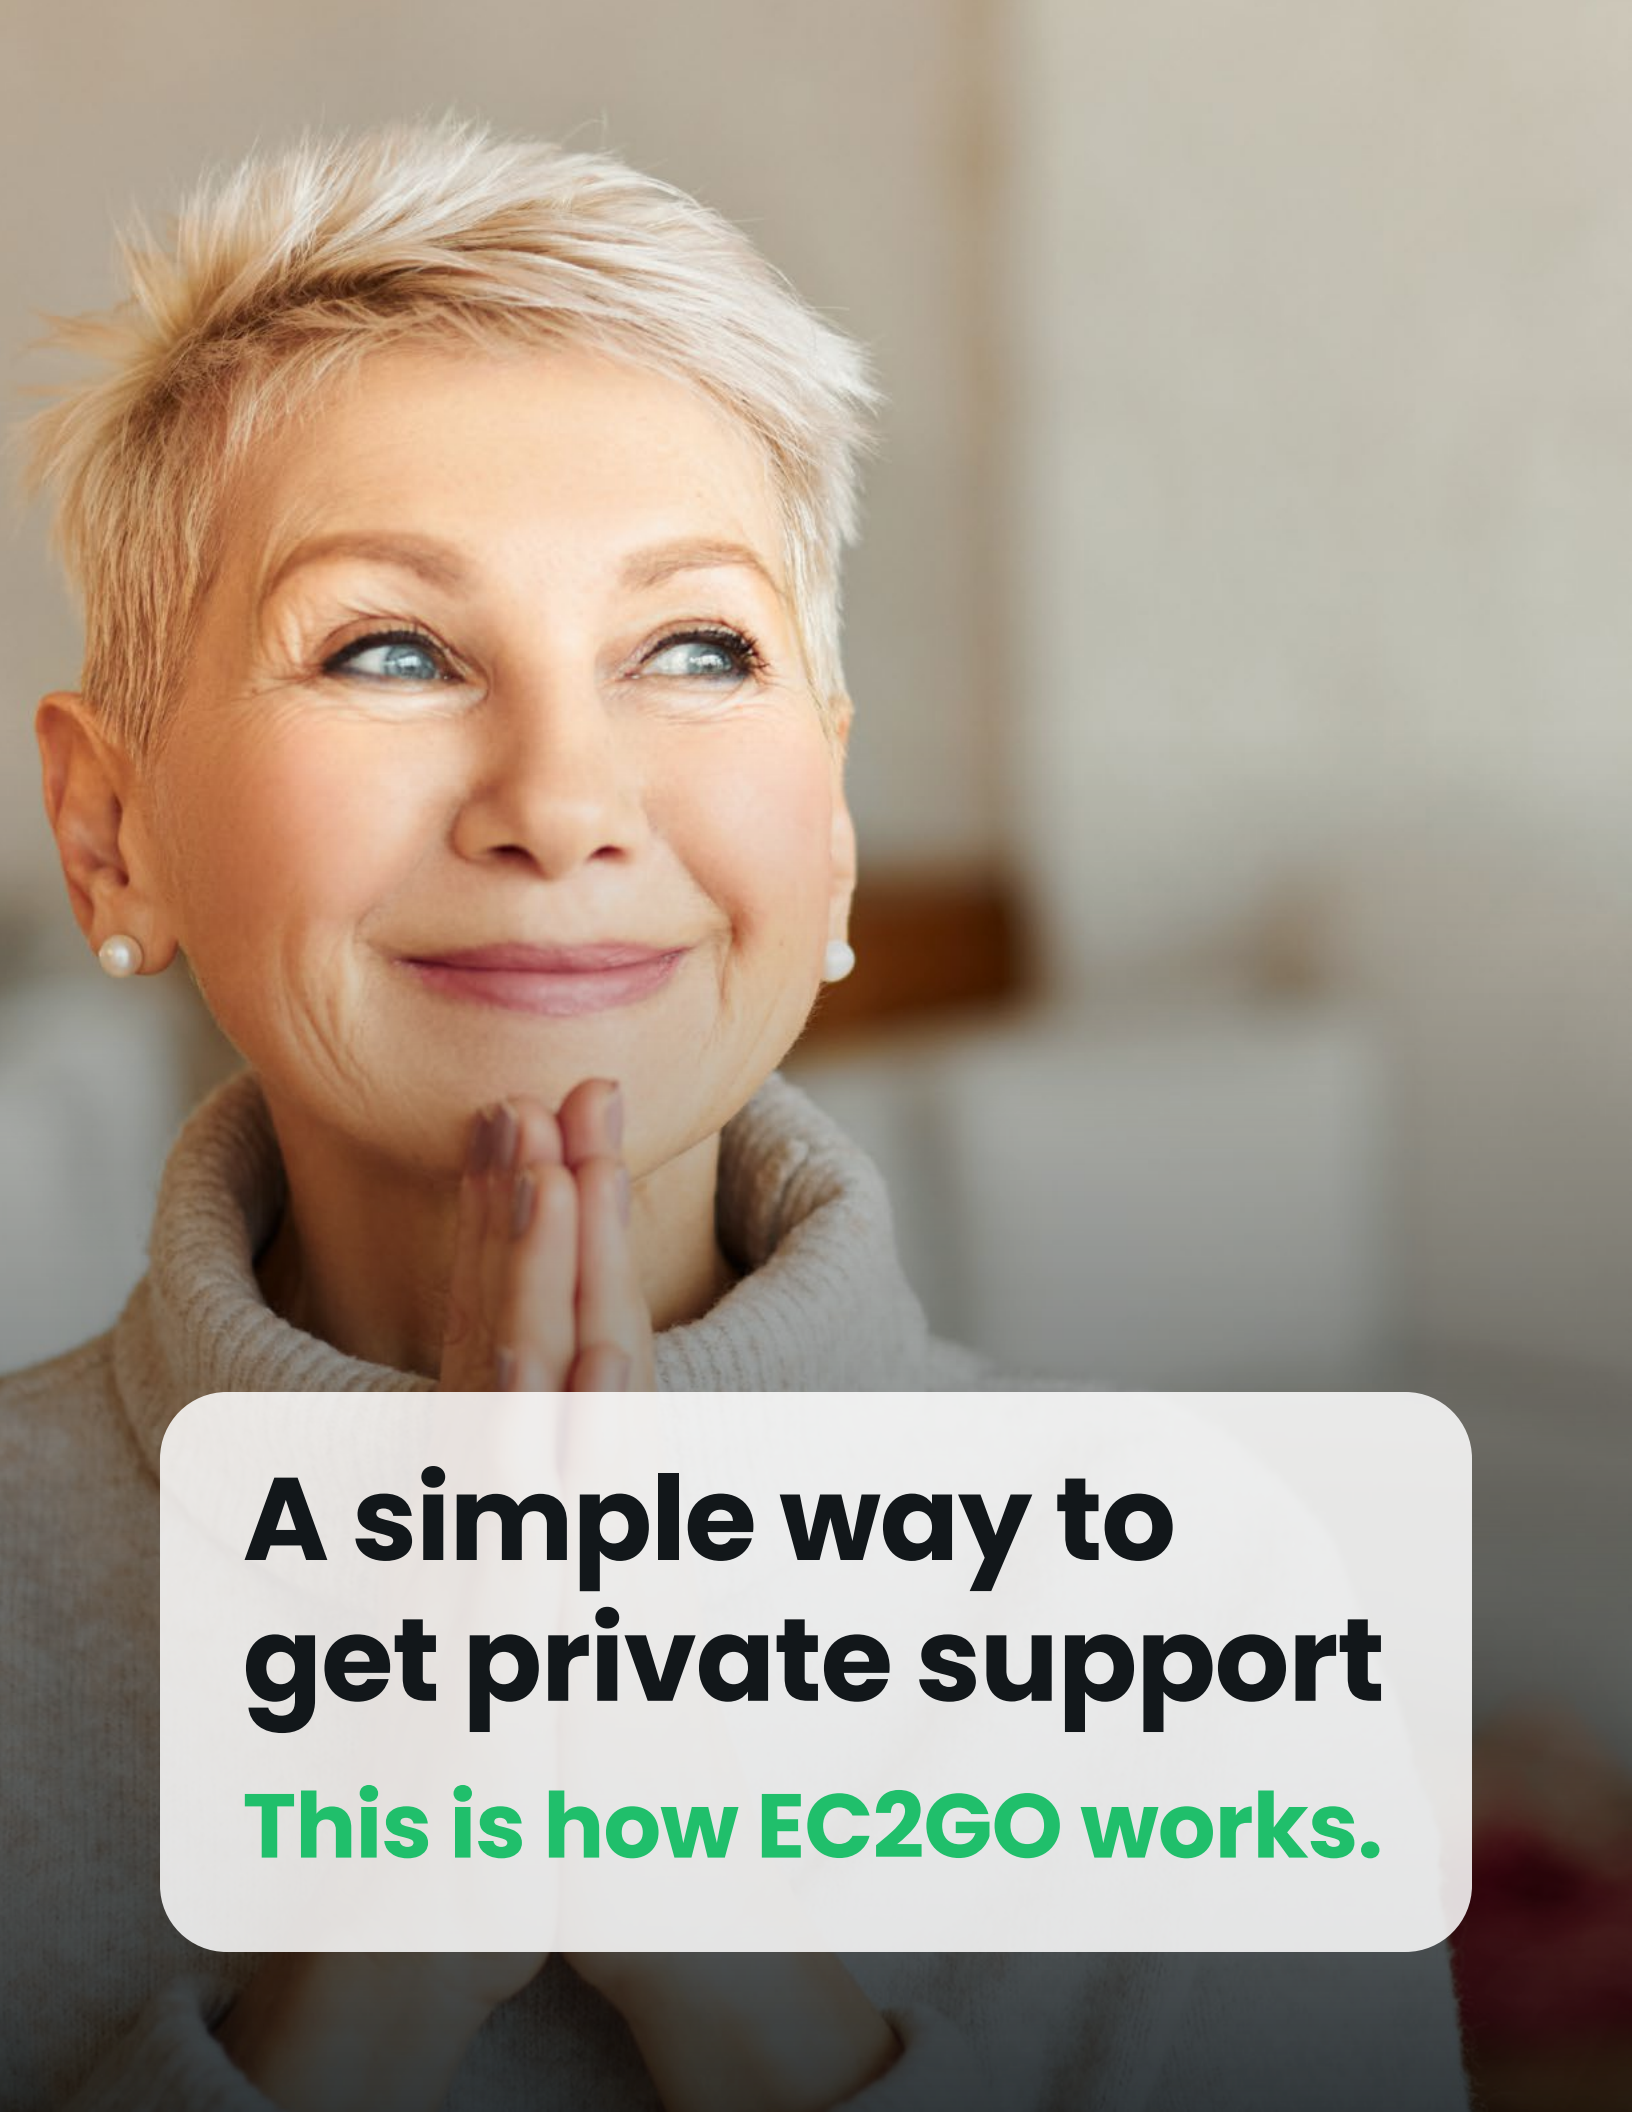

Life Transitions

Seek help with changes such as moving, career change, retirement, marriage, divorce, becoming a new parent, or empty nest.

Adjustments Challenges

Difficulty adapting to new environments, cultures, roles, or major life events, often resulting in temporary emotional distress, confusion, or a feeling of being unmoored.

A simple way to get private support

This is how EC2GO works.

Starting your mental health journey is simple, private, and tailored to you in three quick steps:

Quick, Private Intake Form

Complete our secure Intake Form on our website or the EC2GO app. This confidential, 24/7 form gathers essential background information and your needs. Rest assured that everything you share is protected. Our clinical team will review your file promptly.

Personalized Plan & First Session Booking

A Clinical Manager will contact you for a confidential chat to fully understand your history and goals. Together, you will create your **Individual Care Plan (ICP)**, outlining the best therapy type and session frequency.

The manager then expertly matches you with a licensed professional (therapist, counselor, or psychiatrist) whose skills align with your ICP and helps you book your first session at a time that fits your schedule.

Start Private and Secure Sessions Wherever You Are

All sessions take place on our secure, HIPAA-compliant video platform, ensuring maximum privacy and protection.

Our virtual model allows you to connect discreetly from any private location, fitting professional care safely into your busy life without the stress of a commute.
